S. Comments:Began awkwardly making heavy contact with the barrier partition. J Byrne reported that his mount travelled strongly throughout, despite settling further back in the field than he would have liked, however when asked to improve from the 500m the gelding failed to respond. Post race vet examination found the horse to have a poor post race recovery and was found to be making an abnormal respiratory noise. Trainer T Gollan advised stewards that an endoscopic examination would be performed on the horse and he will report the findings to stewards.

Nothdurft stated that after pulling and being caught wide in the early stages he managed to obtain the lead as expected. However when placed under pressure in the straight the gelding disappointed and failed to respond to his riding. Trainer T. Gollan stated that WESTHAM has now had 2 hard runs within a short space of time, which may have contributed to the performance today, and as such he would now space out the gelding's future starts.
