Eased down in the straight. A post-race veterinary examination revealed no significant findings. Trainer T. Gollan advised that he would have the horse examined by his veterinary surgeon in coming days and report to stewards anything that may have had a bearing on today's performance. Subsequently, Mr Gollan further advised that the horse had undergone an endoscopic examination which failed to reveal any abnormalities.

| S. Comments:Stewards questioned trainer Mr C. Cousins regarding the seemingly improved performance. He stated that after the horse's most recent start in which he felt it raced flat, he had sent the horse for a spell. He indicated THE GREAT BOOMBINO has previously raced well fresh and this, also coupled with today's softer racing surface and claim from apprentice S. Thornton, he had expected a forward showing. He also added that in hindsight he was of the view the horse races best when its runs are spaced out and that he would endeavour to space the horse's runs more so in future. |                   |          |          |                                     |
