He indicated in the circumstances he was very happy with the filly's effort as he was obliged to settle 3 wide and then after passing the 600m was bumped by another runner and forced wider, causing him to race 4 wide approaching the home turn. He felt that this had cost his mount valuable ground and then when placed under pressure in the home straight, the horse, in his view, responded well and was doing its best work over the concluding stages.

S. Comments:Rider questioned re tactics in early stages where from outside barrier he rode forward and led race, in contrast to horse's most recent racing pattern - explained tendency to be slow to begin and for this reason rode with vigour early. Added when it began well and showed early speed rather than be caught in a midfield position wide elected to stride forward to take the lead when runners to inside did not show an intention to hold that position. Trainer confirmed not intention to lead but to be more positive and take up midfield position. Explanations accepted.

S. Comments:Raced greenly passing the 800m, changed stride and became unbalanced. Rounding the home turn had to be steadied away from the heels of ALOCTANE, which laid in for a short distance. When asked to explain the performance, M. McGillivray indicated that the gelding raced greenly throughout and did not appreciate racing to the inside of other runners. A post-race veterinary examination revealed a laceration to the near fore cannon.

He further stated that despite the slow tempo the gelding failed to run on when placed under pressure and disappointed. A post race veterinary examination revealed cardiac arrhythmia. Connections were advised that the gelding would be required to undergo an ECG, with results reported to stewards, as well as trialling satisfactorily and a veterinary clearance to be supplied. A swab sample was taken.
