S. Comments: questioned the tactics adopted, in particular the middle stages when the horse raced several lengths clear of the main body of the field, and the performance of the horse, jockey C. Small stated he to work harder than anticipated to obtain the leading position and following that he allowed his mount to travel at a comfortable pace without being pressured, however the gelding did not respond to his riding from the 600m and proved disappointing. S. Comments: When questioned regarding the performance, jockey advised that after beginning from an outside barrier he had to pressure the horse to obtain its usual leading position and, in his opinion, the fast tempo of today's race, combined with the weight of 59 kilograms, resulted in the horse tiring over the final 200m. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments:Regarding performance.Rider stated his mount settled outside the leader early stages, near the 1200m runners improved to his outside, rather than challenge for lead, elected to take a sit to ensure his mount would run out the 1400m. Further that rounding the home turn was very confident chances however near the 250m was obliged to ease for a number of strides when disappointed for a run. Added that near the 200m his mount was further inconvenienced when hampered by another runner. Also was disadvantaged by the fact it was not afforded a clear run to the line.
