S. Comments: Apprentice S. Fawke said that he had to make use of the mare in the early stages, however when taken on by FREEZE THE CHARGES, the mare appeared to resent racing inside other runners. He was of the view that when he placed the mare under pressure in the straight, it weakened badly and was most disappointing. He added that the early quick tempo may have had a detrimental effect on the horse's finishing effort. Trainer L. Birchley advised that the horse would now be sent for an immediate spell.

S. Comments: Raced wide during the early stages. J. Byrne reported that he was somewhat disappointed with the horse's performance and indicated that in his view the gelding does not run out a strong 1600m. He was also of the view that as the horse was backing up from a week ago, he felt that this also contributed to the performance. He advised that connections indicated they would consider sending the horse for a spell.

S. Comments: Rider questioned re tactics, particularly approaching the 1800m. He said he had been instructed to ride the gelding off the fence, and passing the winning post on the first occasion he elected to shift out and race to the outside of COLLATERAL, however, COLLATERAL then shifted out, forcing him 3 wide from the 1600m, and he raced three wide thereafter. Trainer M. Wilson expressed some disappointment in jockey Fradd's ride in that after being caught wide in the early stages he would have expected him to ride forward and take up a position closer than being forced to race in a 3 wide position. In Running: /6/8 S. Comments: T. Harrison explained that the mare had a nice run in a handy position on the rail, had travelled well to the turn and on straightening she was confident that the horse would finish its race off. She said when afforded clear running at the top of the straight and placed under pressure, the mare did not quicken and gave ground. She added that she was of the opinion that as the mare has only ever raced on firm tracks, it may not have handled today's soft track conditions
