 S. Comments: R. Wiggins was questioned regarding his riding tactics and the reason for him shifting to the outside of the heels of SEQUALEX passing the

800m, and soon afterwards applying pressure to his mount and sustaining that pressure from the 600m. Jockey Wiggins stated that his mount has shown an inclination in the past to hang in when ridden behind runners and for this reason he improved to the outside of SEQUALEX and similarly to when it was successful at its most recent start, he commenced to ride forward from the 600m. Stewards noted his explanation.

successful at its most recent start, he commenced to hac forward nom an	c ooonn. Stemaras not	cu mo explanation.

Approaching and rounding the home was held up for clear running when awkwardly placed on heels. When questioned re the performance, rider explained her mount suffered from an interrupted run throughout the event. Further said shortly after straightening when afforded clear running her mount failed to respond to her urgings as expected and was disappointing. A post race vet exam revealed no abnormalities.

S. Comments: When asked to explain the horse's poor performance, apprentice J. Orman stated the horse was having its first start from a spell and had travelled comfortably throughout, however when placed under pressure failed to respond and tired over the concluding stages. Trainer stated that whilst dissapointed she did note it was first up today and slightly up in grade. However undertook to report to stewards should anything come to light in the days subsequent which may explain the dissapointing performance.
