S. Comments: Had difficulty obtaining clear run round h/turn & early in straight before obtaining clear run passing 100m. When guest re level of vigour shown over concluding stages, Rdr stated was very mindful of racing manners of runner racing forward of mount & had shifted out abruptly before starting to shift back in-further said was concerned that runner was shifting in under pressure, and if it continued to do so approaching w/post would be precariously placed on heels-acknowledged after seeing footage, there was sufficient room to continue to ride. Explanation accepted.

S. Comments: Improved onto heels near 200m & checked. When quest re ride early stages of h/straight, specifically as to reason/s why persisted attempting to improve between runners when it became apparent that run was diminishing & there was insufficient room. Rdr advised after taking trail in early and middle stages, had anticipated that runner continuing to improve & being able to take mount into race. However, when that runner failed to let-down as expected & his mount improved notably when pressured on straightening, mount improved & became awkwardly placed on heels for several strides & checked.
