S. Comments:Inq re tactics, in particular why he rode forward when the horse has not been ridden in a forward position in its recent starts, and also remaining away from the fence where it appeared he had opportunity to cross to the fence after passing the 850m. Rider said he thought the track closest to the fence was more rain-affected so he wanted to race away from the fence and shift wider entering the home straight. He said the tactics today were the same instructions given at the last three starts, but after not beginning well was positioned further back in the field. Stewards noted the explanation.

S. Comments:When asked to explain the horse's performance, rider J. Lloyd stated that the gelding had a tendency to hang out throughout the race and never travelled comfortably at any stage and when placed under pressure in the home straight failed to run on and in his view was very disappointing. A post-race veterinary examination revealed mild lameness in the off foreleg, and a swab sample was taken. Trainer M. Dunn reported that the horse would now be sent for a spell. Mr Dunn was advised that he must produce a veterinary clearance for the gelding prior to its next start.
