He said that when the expected leader failed to improve to his inside, his mount assumed the lead of its own accord.

S. Comments: lockey 1. Orman reported it had not been his intention to ride his mount in a forward position, however after beginning well from a wide alley he was unable to secure a midfield positon as he would have been caught wide and he therefore elected to allow his mount to stride forward to a position outside the lead passing the 1400m.
