S. Comments:When questioned regarding the disappointing performance, apprentice L. Tarrant explained that when obliged to race wide in the early stages

he allowed the horse to stride forward, which, in his opinion, did not suit his mount as he was of the view it is better ridden with cover. Trainer T. Hall agreed

with these comments, and undertook to report back to stewards any abnormalities that may come to light which may explain today's performance. A post race

veterinary examination of the horse, which compounded badly in the home straight, failed to reveal any significant abnormalities.

S. Comments:Upon returning to scale, App. B Ainsworth reported that her intention was to obtain a position closer to the speed, however, the gelding was slow to muster speed in the early stages despite her efforts and as a consequence settled further back in the field than anticipated. App. Ainsworth noted that the gelding was back in distance today and subsequently raced dour. A post-race veterinary examination failed to reveal any abnormalities at the time of examination.

to lay out. He added that these factors, along with the horse failing to run out a strong 1400m, affected the overall performance. Trainer S. Kendrick agreed with the comments of apprentice Sewell and advised that the horse would now be sent for a short break and would be placed in races over shorter distances.

| S. Comments:When asked to comment on the horse's performance, jockey D. Griffin explained that with the pace that was set early, his mount never travelled comfortably on the bit and, further, he felt with the rail being out 10 metres, the horse was not comfortable on today's racing surface. He added that he advised trainer M. Lakey that in his opinion the horse would be better suited on a bigger track and over a longer distance that that of today's event. Stewards noted his explanation. Trainer agreed with rider's assessment and said he would step the horse up over further ground at its next start. |                   |          |          |                                    |
