After doing so, it was established that the filly was fractious prior to the start being effected, and while being assisted by a barrier attendant and the start was effected, threw its head in the air and lost ground. Stewards were of the opinion that the filly was not denied a fair start and correct weight was declared. A post-race veterinary inspection did not reveal any abnormalities.

S. Comments:When questioned regarding his riding Jockey said that after being slow to begin then crowded he elected to ride his mount at the tail of the field with cover, where it travelled only fairly throughout. He added that rounding the home turn he placed his mount under pressure in an attempt to follow the eventual winner, however at this point his mount did not respond, and for this reason he desisted from applying pressure in the early part of the straight. Said that when again placed under pressure approaching the 100 metres his mount then responded and ran to the line strongly.

Apprentice advised that the mare had not jumped well and shortly after the start had to be restrained when crowded between runners and as a result the mare raced ungenerously to the 600m and was reluctant to stretch out despite her urgings. She added that at the 600m, when it was able to get on terms with another runner, the mare raced more generously. She further added that the mare was also held up for clear running rounding the home turn, but once able to obtain clear running, ran home strongly.
