Comments:When asked re instructions given, Rdr advised no specific instructions were given, apart from allowing filly to settle where comfortable. After being caught wide early, Rdr allowed filly to stride and assume a leading position near the 1400m. Tnr confirmed these instructions & advised filly was having second start for stable and was confident of a forward showing with the rise in distance along with the manner in which filly had been working leading in to the event.

Comments:When asked about performance, Rdr reported after being ridden along from the barriers to occupy a forward position, filly refused to settle and over raced-added had recommended to connections to remove blinkers in an attempt to get the filly to settle. Weakened from the 300m. Post race filly became fractious in tie up stalls & sustained an abrasion near wither region & both stifles. Tnr advised filly requires vet clearance prior to racing again.
