S. Comments:Rider stated gelding never travelled well after suffering interference coming to first turn and was under pressure. Rider added gelding did not respond to his riding in the straight and as a result he did not persist in riding it out to the line. Trainer informed stewards the gelding had worked well leading up to today's event and could not offer any excuse for the disappointing performance. Trainer undertook to report back to stewards should anything be amiss with the gelding. A post race veterinary examination of the gelding failed to reveal any significant abnormality.

When questioned as to the horse's performance, apprentice S. Eilbeck reported that the gelding never felt comfortable in its action throughout the event and when asked to improve into the race from the 600m commenced to hang out and shifted wider on the track. Apprentice Eilbeck added that over the concluding stages the gelding changed stride and dipped and for that reason she did not continue to pressure the horse. Vetted, no significant findings.

S. Comments:Rider questioned re performance stated that she was able to obtain suitable position behind leaders, however mount failed to travel throughout and when placed under pressure near 500m failed to respond. Post-race vet exam revealed that gelding was showing elevated heart rate and making abnormal sounds in lungs, suspected to be respiratory infection. Following its disappointing performance, Trainer reported that serum amyloid testing had revealed an issue for which the horse would be treated before being re-scoped. A vet certificate would be required prior to its next start.

S. Comments:When questioned as to the performance App. McGillivray stated that despite being forced to race wide early, he was content to stride forward to take up a handy position, however, the gelding was under pressure leaving the 700m and proved disappointing. App. McGillivray was of the view that the gelding may have come to the end of its current preparation. Trainer T Edmonds confirmed that the gelding would be sent for a spell. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination.
