S. Comments:Began very awkwardly and shifted out. Improved onto heels near the 400m and had to be steadied. Forced wider near the 150m. When questioned regarding the horse's performance, L. Rolls stated that it was his intention to ride the horse in a more forward manner, however after it began awkwardly he was obliged to ride the horse back in the field. He added that his momentum was impeded rounding the home turn and once switched to the outside, the horse found the line well. Stewards noted his explanation. Lost its near fore plate in running.

S. Comments:Inconvenienced near the 900m. When asked to comment on the horse's performance apprentice M. McGillivray stated that the gelding commenced to weaken and lose ground from the 800m and proved disappointing. He added that this could be attributed to today's firm track conditions. A post-race veterinary examination revealed no significant findings other than that the gelding had lost the near fore plate in running.
