S. Comments:When quest, Rdr stated with fast early speed of runners drawn inside, elected from the wide gate to come back and find cover on gelding, which was having its first race start-added from this point on, was obliged to place the gelding under pressure for the majority of the race, and consequently ran to the line well-said in hindsight, it would have been better to apply more pressure early to maintain a more forward position, although slightly wider, to allow gelding to be better placed in the run.

S. Comments:Held up from the 400m until the 300m. When questioned re ride, in particular between the 600m and 300m, Rdr said instructs were to be in a forward position, however, gelding failed to muster early speed, so elected to settle at the rear-added near the 500m, elected to ride for luck and stay on the fence instead of being forced to a wide position round h/turn. After viewing the films, Rdr conceded should have placed gelding under more pressure from 600m to be in a more competitive spot & could have shifted to a one-off position near the 500m, which would have afforded clear run round h/turn.

Notified ride early was of concern & would be expected in similar situations to apply more pressure in early & middle stages to ensure mounts placed in competitive position.
