S. Comments:When questioned apprentice explained that after beginning only fairly she rode her mount in a rearward position where it travelled comfortably throughout then shortly after straightening she attempted to manoeuvre her mount to the outside in an attempt to obtain clear running and comply with her instructions. However near the 100m was disappointed. Trainer confirmed the instruction issued and expressed satisfaction with the ride. Stewards advised apprentice that shortly after straightening she should have remained racing closer to the fence when there was an opportunity to do so.

S. Comments: Passing the 1400m had to be steadied when momentarily tightened for room. When questioned regarding the performance, Jockey explained that he had been instructed to ride the gelding in a forward position, in accordance with its established race pattern. He said that when the pace quickened he was only able to maintain a midfield position, where his mount travelled fairly throughout, however when placed under pressure in the straight failed to respond to his urgings and was disappointing. A post-race veterinary examination revealed that the gelding had sustained lacerations to both hind legs.
