He indicated he had been held up for clear running from the 600m to the 400m and after being afforded clear running laid in under pressure and was also inconvenienced near the 300m. He added that he placed the horse under pressure leaving the 600m, however it failed to respond to his riding and in his opinion was disappointing. Comments:When questioned apprentice rider advised stewards that after beginning well she elected to restrain her mount after being caught wide in the early stages of the event to a position closer to the rails in a rearward position, which was in accordance with its established racing pattern. She added she was satisfied with her position throughout the event as she was trailing the eventual winner, however when it proved into the race near the 600m she was unable to quicken with that horse and, in her opinion, the mare raced somewhat flat today.
