S. Comments:Fractious in the barriers, removed, examined by the veterinary surgeon and cleared to start. Shifted in shortly after the start and made contact with another runner. Hung in and raced ungenerously leaving the 300m, resulting in the saddle shifting to the nearside, causing apprentice R. Williams to be dislodged. Trainer T. Dougall was advised that the horse will be required to trial prior to being permitted to race again. A post-race veterinary examination revealed no abnormalities.

S. Comments:When asked to explain the performance, jockey D. Browne stated that the horse travelled well in the early and middle stages but did not respond to his riding as he expected soon after straightening. He recommended to connections that a tongue-tie be applied for future starts as he was of the view that the horse may have got its tongue back during the event. A post race veterinary examination revealed the horse to have a slow post-race recovery. A swab sample was taken.

 S. Comments:Contact at start. Made home turn awkwardly and was steadied on a number of occasions. On return to scale rider reported given the horse had previously had a tendency to hang out in its races he elected to look to improve between runners from 500m. He added as a result horse was reluctant to improve between runners in home straight, which attributed to it racing greenly.

S. Comments:Caught wide in the early stages, allowed to stride forward by its rider to a position closer to the rails near the 1200m. Had a tendency to race keenly from the 1200m to nearing the 1000m. Apprentice E. Ljung advised that after beginning awkwardly and being caught wide in the early stages, her mount eventually settled near the 1000m and obtained a comfortable run for the remainder of the event, however when placed under pressure failed to respond to her riding and in her opinion proved disappointing. A post-race veterinary examination revealed no abnormalities.
