 S. Comments:When questioned regarding the poor performance of the mare, Jockey said that his mount travelled well in a prominent position, however shortly after straightening weakened noticeably and was disappointing. A post-race veterinary examination did not reveal any abnormalities. Trainer since reported that following the race the mare had minor swelling in the off hind leg with pain in the rump which was treated. She added that the mare has worked well since and it was now her intention to continue with the preparation.
