Jockey explained after being in a favourable position early he placed his mount under pressure from the 600m however it commenced to weaken and failed to respond to his riding thereafter. Under review of the start it was found the barrier gates sprung back striking the gelding however was not hampered as a consequence. Trainer advised Stewards the gelding had been treated for a cough in the week prior. A postrace veterinary exam revealed no abnormalities and the gelding's respiratory sounds were clear.
