Near the 900m, forced wider on the track by another runner and as a result raced wide for the remainder of the event. Both rider L. Attard and trainer T. Sears were disappointed with the performance and unable to offer any explanation. Mr Sears said he would have his veterinarian examin the horse have blood tests taken from the gelding and if any abnormality

respond to his riding as he expected soon after straightening. He recommended to connections that a tongue-tie be applied for future starts as he was of the view that the horse may have got its tongue back during the event. A post race veterinary examination revealed the horse to have a slow post-race recovery. A swah sample was taken.

S. Comments: jockey D. Griffin indicated from the wide barrier he was obliged to position the gelding at the tail of the field and as the horse races over longer distances it was doing its best work over the concluding stages and would benefit from a step up in distance. He indicated he had been held up for clear running from the 600m to the 400m and after being afforded clear running laid in under pressure and was also inconvenienced near the 300m. Jockey Griffin added he again had some difficulty securing clear running until the final 100m when the horse finished the race off well. \$20,000 \$5 \$6 \$6
