S. Comments: When asked to comment on the horse's performance, M. Cahill stated that from the wide alley he was obliged to position the horse at the tail of the field in order to obtain cover closer to the fence and was then obliged to shift very wide on the home turn in order to secure clear running. He indicted that in all the circumstances he was satisfied with the horse's performance as the horse was doing its best work over the concluding stages and finished the race off well. He advised that connections intend stepping the horse up over more distance. Lost the near fore plate in running.
