She said that when the pace slowed in the middle stages her mount commenced to over-race and rather than attempt to sustain a wide run she elected to remain racing at the rear of the field. She added that she then placed her mount under pressure near the 600 metres and it ran to the finish only fairly.

S. Comments:When questioned regarding the improved performance, trainer advised that in his opinion the gelding resented the kickback at its previous start at Charleville, and as a result raced too far off the pace and was unable to make up ground on that occasion. He felt that today's performance was due to the reduced kickback and the gelding racing in a more forward position.
