S. Comments: When afforded the opportunity to comment on the horse's performance, jockey stated that after being crossed, his mount raced further back in the field than he would have liked and only travelled reasonably throughout the event and was doing its best work over the concluding stages. He added that in his opinion the colt would appreciate a step up in distance in future races.

S. Comments:Rider T Clark explained that the colt, which was racing without blinkers, travelled well in the early and middle stages, however, was under pressure from as far out as the 800m and weakened in the straight. He indicated that, in his opinion, the colt may have come to the end of its preparation. A post-race veterinary examination revealed the colt to be displaying a poor post-race recovery and showing signs of heat stress.
