S. Comments:Made contact with another runner at the start. When questioned regarding the performance of the gelding, which performed below market expectations, Jockey explained that gelding raced greenly throughout, had to be continually steadied off the heels of runners in front, and when placed under pressure in the straight failed to respond and was disappointing. A post-race veterinary examination revealed that the gelding was lame in the off foreleg. Trainer since reported that gelding underwent surgery to remove bone chips from its off fore knee.
