S. Comments:When questioned regarding the performance, Jockey said that after being slow to begin she rode her mount along in the early stages, to comply with her instruction to be in a prominent position. Jockey added that after this she was caught 4 wide without cover for the entirety of the event and attributed this to the filly's disappointing performance. A post-race veterinary examination of the filly did not reveal any abnormalities.

S. Comments:Apprentice explained that his instructions were not to make use of mount in early stages, rather allow it to travel where comfortable. After beginning only fairly he elected to restrain rather than ride forward and obtain cover closer to the rail, to avoid being caught wide. Approaching home turn shifted wider in an attempt to follow one of the favoured runners, however another runner shifted out, taking his mount wider. Ran home strongly when placed under pressure. Trainer confirmed instructions, but was disappointed with ride.

After taking evidence from all parties, viewing patrol films it was established that near the 400m the other runner shifted in and momentarily hampered gelding however bearing in mind the minor nature of interference, the manner in which both horses ran to the finish and the ½ length margin stewards could not be satisfied that had interference not occurred gelding would not have beaten other runner and subsequently dismissed the objection.

Rider advised that the mare, which was very fractious in the mounting yard, began well and led the event comfortably during the early and middle stages. He further added that when placed under pressure rounding the home turn and in the early stages of the home straight, it failed to respond to his riding and proved somewhat disappointing.

Nonetheless, disappointed in overall performance. Rider thought filly may be better suited when stepped back in distance and allowed to settle in a truly run race. Post race vet failed to reveal any abnormalities.
