Small stated he to work harder than anticipated to obtain the leading position and following that he allowed his mount to travel at a comfortable pace without being pressured, however the gelding did not respond to his riding from the 600m and proved disappointing. S. Comments:Raced 3 wide for the majority of the event. After passing the 800m the mare was not responding to her riding and failed to travel comfortably at any stage of the event and proved disappointing. App Denby was of the opinion that the mare was not comfortable on today's track conditions. A post race veterinary examination revealed the mare to be displaying a cough and a nasal discharge. Trainer reported horse pulled up well and agreed may not have been comfortable in conditions. Believed it would be better suited over further ground when able to settle closer to the lead.

S. Comments:Regarding performance.Rider stated his mount settled outside the leader early stages,near the 1200m runners improved to his outside, rather than challenge for lead, elected to take a sit to ensure his mount would run out the 1400m.Further that rounding the home turn was very confident chances however near the 250m was obliged to ease for a number of strides when disappointed for a run. Added that near the 200m his mount was further inconvenienced when hampered by another runner. Also was disadvantaged by the fact it was not afforded a clear run to the line.

Stated she allowed gelding to stride forward in an attempt to position outside the leader but was unable to do so when HI SON held its position, which resulted in her racing in a 3 wide position.
