Harrison explained that the mare had a nice run in a handy position on the rail, had travelled well to the turn and on straightening she was confident that the horse would finish its race off. She said when afforded clear running at the top of the straight and placed under pressure, the mare did not quicken and gave ground. She added that she was of the opinion that as the mare has only ever raced on firm tracks, it may not have handled today's soft track conditions.

He said he was instructed to ride positively out of the gates and take up a forward position, however after travelling a short distance, he was unable to improve to a forward position as runners to his outside had crossed and he had to race midfield with cover. He said the filly raced greenly throughout and may not have been comfortable on the soft track conditions and that it may have got its tongue over the bit and choked down, and he had recommended to connections to experiment with the addition of a tongue tie for its next start.
