Rdr reported gelding travelled well early, then came off the bit passing the 1000m obliging considerable pressure-said gelding contacted rail near the 800m and was again under pressure approaching the 500m, before steadying from the heels-added not comfortable with gelding's action on straightening and considered easing from the race, however, gelding then regained its stride giving Rdr more confidence to push it out over the concluding stages where made ground in the run to the winning post.

S. Comments:Began awkwardly. Taken wider round home turn. When questioned re tactics adopted, Rdr advised instructions were to obtain a forward position behind the leaders, however after not beginning well, was obliged to take up a position at rear. Said mare then commenced to over race in the middle stages before electing to shift wider to improve from the 600m, adding mount did not handle the tighter turning track. S. Comments:Steadied from heels of another runner which shifted in shortly after the start. Raced wide and without cover from the 800m. Commenced to weaken from the 300m. Rider reported the gelding felt uncomfortable in its action over the concluding stages. A post-race veterinary examination revealed the gelding to be lame in the off foreleg. Trainer was advised that a veterinary clearance would be required for the gelding prior to the gelding racing again.
