Fradd explained that from his wide barrier he was obliged to settle further back in the field than he would have liked and this, coupled with the steady tempo of the race, did not suit the horse. He added that he is of the opinion that the horse is better suited to races over shorter distances with a more genuine speed to allow the horse to travel without having to be restrained. He added the mare never travelled comfortably and when pressured leaving 500m failed to let down and proved disappointing. Trainer reported that tests conducted days subsequent to race failed to reveal any abnormalities. Noted horse was having first start in tongue tie which it may have resented and as such tongue tie would be removed for next start. Vetted with no abnormalities reported. A swab sample was taken. | | | |

S. Comments:Jockey J. Byrne was asked to comment on the performance of his mount. He indicated that the horse was not suited to the steady pace set in the middle stages. He also added that near the 800m he had considered shifting the horse wider and improving outside the leader, however did not wish to expose the mare without cover too early in the event, and indicated the steady pace in the event had a detrimental effect on his horse's finishing effort as it failed to quicken entering the home straight.

S. Comments:When questioned as to the performance, App. M Murphy stated that the gelding travelled comfortably in the early and middle stages but when asked to improve leaving the 600m was left flat-footed when the tempo of the race increased. App. Murphy added that the gelding was doing its best work over the concluding stages and may appreciate a step up in distance. Trainer M Lakey was of the view that the slow tempo in the early and middle stages did not suit the gelding's racing style and accordingly he was not overly disappointed with the performance.

S. Comments:Jumped away awkwardly and lost ground. Jockey A.Holt was questioned regarding his riding of the horse in the middle stages. He stated he had been instructed to settle the gelding back in the field and he attempted to find cover after leaving the 800m trailing WAR ENDS, however when that gelding did not improve quickly into the race he was obliged to shift wider on the track and, in his opinion, SIR MOMENTS peaked on its run after leaving the 200m. A post race veterinary examination failed to reveal any significant abnormalities, and a swab sample was taken.

S. Comments:Questioned re: performance - rider stated travelled well throughout early and middle stages but when placed under pressure from 600m failed to respond and proved disappointing. Gelding was not suited to moderate tempo. Post race vet exam failed to reveal any abnormalities. Stable rep advised gelding had pleased stable in its work since its last start. Indicated that whilst gelding has some wet form it was not suited on today's service. Traiennr subsequently reported gelding pulled up well and wet track was main reason for poor performance.
