S. Comments:J. Morris reported that after racing outside the lead he became concerned with the horse's action on straightening and as he was of the view that something may have been amiss with the mare he did not persist in riding it out and eased it down over the concluding stages. A post-race veterinary examination revealed the mare to be suffering from heat stress and to have a poor post-race recovery. Trainer B. Smith advised that he would have the mare scoped the following morning, the results of which he undertook to forward to stewards.

Jockey Parr added that whilst the gelding was obliged to race wide without cover he was under pressure leaving the 500m and was most disappointing. Trainer T Edmonds noted the gelding was having its first start for his stable and was at a loss to explain the performance. Mr Edmonds indicated he may freshen the gelding up before its next start and undertook to report to stewards any abnormalities subsequent to the race. Post-race vet exam - no abnormalities.

Duryea indicated that the horse may not have been as forward in its preparation as she had thought after returning from a significant spell and would monitor the horse's progress over the coming days. She added that the horse has had a history of upper respiratory issues. A post-race veterinary examination revealed no significant findings. Warning placed on the horse's performance.

After travelling a short distance after start it was evident to him he would be unable to obtain a position with cover. When striding forward he was of view runners to his inside were looking to improve and he made decision to improve quickly to obtain outright lead.

Browne said that he attempted to secure cover in 5th or 6th position and when unable to do so he was obliged to allow the horse to stride forward to a position outside the lead closer to the rail near the 600m. He added that in his opinion, whilst this had some bearing on the horse's performance, he felt that the horse did not race comfortably in the rain-affected conditions as when placed under full pressure it failed to respond.
