He said from the wide draw, and speed inside, he restrained, trying to cross and find a midfield rail position. He said at the start it was reluctant to stretch out early and got further back than anticipated, and in the back straight began to travel strongly and overraced but then travelled nicely thereafter, and in the straight despite having an uninterrupted run, it only finished off fairly, adding he would recommend it be stepped up in distance.

Explanation noted but reminded in future expected to ride mounts out in a manner which does not leave him open to question.

Added when placed under pressure home straight did not quicken as he expected. Vetted - no significant abnormalities.

Apprentice Oliver stated that his intention was to settle in a midfield position if possible after he had received no specific instructions, and after beginning on terms with the field he was of the view if he had restrained to take up a midfield to back position he would have been caught wide, and given the fact that it was a 1000m event he elected to ride forward and take up a forward position. Stewards noted the explanation.
