S. Comments:Began awkwardly. Trapped wide early & allowed to stride to take up a leading position near the 1000m. Raced wide for majority. When quest re performance, Rdr reported not intention to settle so far forward, but after being trapped wide early, obliged to pressure mount to obtain a leading position rather than being trapped wide & gelding is better suited settling further back. Tnr reported gelding was disadvantaged with gelding leading, though doesn't anticipate anything wrong with gelding, will report back on its condition. Post race vet exam revealed no abs.

When asked about apparent improved performance, co-tnr stated gelding was suited by quick backup from start on 7/8, adding gelding is one-paced & it was able to be ridden in a manner that best suits horse. When asked about gelding racing more forward, co-tnr advised no set instructs were issued & with Blks off & gelding having 1st start on synthetic track, was not overly surprised by tactics adopted by rider, particularly given the racing characteristics of gelding as a one-paced type.
