S. Comments:When asked to comment on the horse's performance, jockey D. Griffin explained that with the pace that was set early, his mount never travelled comfortably on the bit and, further, he felt with the rail being out 10 metres, the horse was not comfortable on today's racing surface. He added that he advised trainer M. Lakey that in his opinion the horse would be better suited on a bigger track and over a longer distance than that of today's event. Stewards noted his explanation. Trainer agreed with rider's assessment and said he would step the horse up over further ground at its next start.

He added that the filly had been freshened up to start over 1200m and when the race was shortened again to 1100m due to the meeting being transferred to the cushion track, he indicated that this did not suit and as a result the horse was under pressure throughout the event. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments:When the pace slackened passing the 900m was forced wider on the track until approaching the 700m. When asked to comment on the performance, apprentice A. Sewell indicated that after passing the 900m the gelding commenced to overrace and refused to settle and also had a tendency to lay out. He added that these factors, along with the horse failing to run out a strong 1400m, affected the overall performance. Trainer S. Kendrick agreed with the comments of apprentice Sewell and advised that the horse would now be sent for a short break and would be placed in races over shorter distances.

S. Comments:When questioned regarding the disappointing performance, apprentice L. Tarrant explained that when obliged to race wide in the early stages he allowed the horse to stride forward, which, in his opinion, did not suit his mount as he was of the view it is better ridden with cover. Trainer T. Hall agreed with these comments, and undertook to report back to stewards any abnormalities that may come to light which may explain today's performance. A post race veterinary examination of the horse, which compounded badly in the home straight, failed to reveal any significant abnormalities.
