S. Comments:Approaching the 1000m, obliged to steady when another runner shifted out, before being carried outwards and bumped. When asked to comment on the performance, Rider advised that in his opinion, the gelding raced flat third up for the preparation. He further stated the gelding would be better suited over further distances. A post-race veterinary examination revealed no abnormalities.

When quest re level of vigour shown over concluding stages, Rdr stated was very mindful of racing manners of runner racing forward of mount & had shifted out abruptly before starting to shift back in-further said was concerned that runner was shifting in under pressure, and if it continued to do so approaching w/post would be precariously placed on heels-acknowledged after seeing footage, there was sufficient room to continue to ride.
