He said that after beginning particularly well from the outside barrier, when runners to his inside showed superior speed he elected to restrain his mount in an attempt to find cover. He said that the only way this could be achieved was to restrain to the tail of the field, where his mount travelled comfortably throughout, and after obtaining clear running on the rail in the straight the mare ran on well. The explanation was noted.

He said that whilst racing at the tail of the field he was caught 3 wide when the mare pulled hard and refused to settle. He added that he was then obliged to race in that position throughout and when placed under pressure after straightening for home the mare failed to respond to his riding and was disappointing.
